CUTTING EDGE FABRICATION MACHINES & SERVICE

..... A MICHIGAN COMPANY .....

We provide *tailor-made solutions for specialized machinery applications* in Metal Forming, Tube and Pipe Fabrication. Our services span the lifetime of the product—from conception, prototyping, project management and installation to aftersales.

- CNC PLATE BENDING
- HEAVY DUTY PLATE FORMING
- ROLLFORMING & WELDING
- TUBE PERFORATING & LOUVERING
- SHEET METAL WORKING
- PRECISION STRAIGHTENING

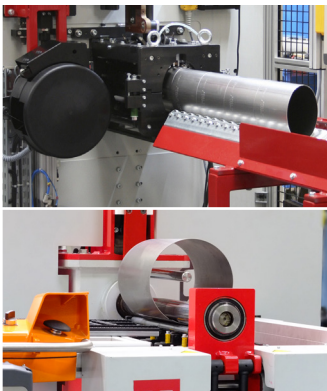

**FABTECH PROMO CODE: FBGUEST**

**HAEUSLER**  
the forming factory

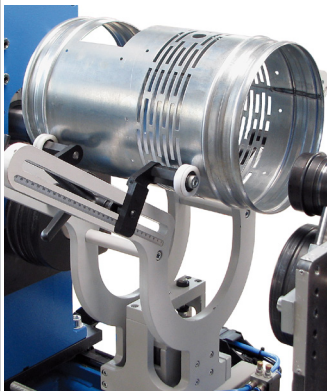

**EVO**  
SUPERIOR TO EVERYTHING YOU KNOW

MOST INTELLIGENT CONTROL  
WIDEST BENDING RANGE  
BEST COST EFFICIENCY

Precision CNC Roll-forming Machines for Sheet Metal Application and Tube Welding Machines (TIG, MIG, Plasma and Laser)

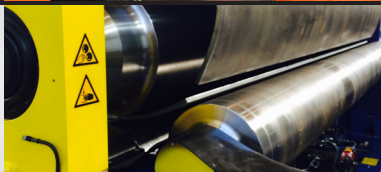

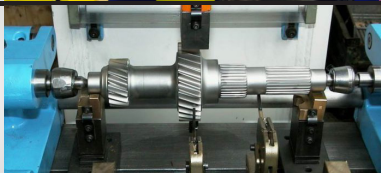

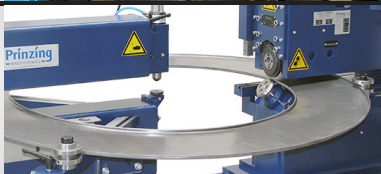

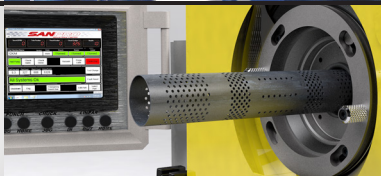

Plate Bending and Angle Rolling Machines, Welding and Assembling Equipment, Pipe and Vessel Production Lines

Stroke Controlled Hydraulic and Pneumatic Precision Straightening Presses for Tube and Profiles

Quality Tube Bending and Flanging Machines, Circular Shears and Rounding Machines for Job Shops

CNC Tube Perforating and Louvering Machines

- Turnkey Solutions and Aftersales Services
- Engineered Machinery and Tools for Automotive, Aerospace, Precision, Industrial and Structural Applications
- US Sales & Service Center for Global-Active Brands
